

## Summary of statewide restrictions for the Third Step and Last Step of Victoria’s roadmap to reopening

**Note:** Cleaning, signage, record keeping, and other COVID Safe requirements continue to apply for many venues and facilities. The density quotient applies to all indoor venues and spaces, except for workplaces that are not accessible to the public, private residences, and areas of accommodation facilities that are for the exclusive use of a single group. Further easing of restrictions is subject to public health advice.
